Standard Notes: - Represents zero (D) Withheld to avoid disclosing figures for individual companies (NA) Not available (X) Not applicable
 The figures for number of county establishments represent the number of operations in separate counties as indicated by the county figures included in reports received. The latter reports usually represented all operations of a company in one State or district. The figures for number of establishments shown elsewhere represent the number of reports received.

Excludes figures for Alaska.

For New York includes figures for separately reported central offices or related facilities in New Jersey; for Michigan includes figures for separately reported central offices or related facilities in Wisconsin.

Not shown since the cost of supplies, purchased fuel and electric energy, contract work, and purchased machinery installed exceeds value of shipments and receipts and capital expenditures.

Undistributed figures for North Louisiana are included with those for South Louisiana.

Represents all offshore Texas operations.

Undistributed figures for all Texas districts are included with those for West Texas A.

Undistributed figures for West New Mexico are included with those for East New Mexico.
